## LEADERSHIP EXPERIENCE

### Technical Team Member (GenAI)

- GenAI Tech Team Member – Collaborate on AI projects, contributing to research, development, and implementation of generative AI solutions.

### Team Leader (SIH-2025)

- Led a hackathon winning team, guiding technical strategy, task coordination, and solution design to drive an AI + EdTech project from concept to implementation.

## PROJECTS

### Intelli Wealth – React , Spring Boot

- I built a complete finance tracker that works as both a native Android app (in Java) and a React website. I created a central Spring Boot backend to connect them, so all your income, expenses, budgets, goals, and subscriptions stay perfectly in sync. The app features an AI chatbot, 'Fynix', that understands plain English to log transactions, which saves a lot of time.

### EduLensAI – React , Firebase

- Smart India Hackathon project: it help student to reduce last moment exam pressure with making flashcard summary and test , this project make sure student get exposure of technical skills along acedamic with 'Skill Guide' chatbot and 'Internship/Job' tracker covering curical missing stack in India.

### Subscription Manager – React , Spring Boot

- This was the first full-stack website I built from scratch, and it's how I taught myself Spring Boot. It was the starting point for my entire backend development journey.

### Portfolio – React , Spring Boot

- I built this portfolio as a full-stack project to showcase my skills and achievements. The frontend is made with React, and I engineered a custom Spring Boot backend, which is connected to the 'Get In Touch' form to handle and send messages directly to me.

## SKILLS

**Frontend :** React, Tailwind CSS, HTML5, CSS3, JavaScript

**Backend :** Spring Boot, Spring Framework

**Databases:** MongoDB, PostgreSQL, MySQL

**DevOps :** Docker, GitHub Actions, Oracle Cloud Infrastructure (OCI)

**Tools :** Git , GitHub , Postman

## EDUCATIONS

**B.E Electronics and Telecommunication Terna Engineering College Nerul**

Sept 2024 – Sept 2028

**Coursework:**

Object Oriented Programming, DSA

**Class 12th - Guru Nanak Khalsa Matunga**

2024 Percentage: 54.5

**Class 10th - Shree Dayanand Balak Vidyalaya**

2022 Percentage : 80.80

## CERTIFICATIONS

**OCI Generative AI Professional** – Oracle  
Validates expertise in applying Oracle's Generative AI services, including model deployment, fine-tuning, and integration of AI-powered solutions into applications.

**OCI Developer Professional** – Oracle  
Demonstrates advanced skills in building, deploying, and managing cloud-native applications on Oracle Cloud Infrastructure (OCI), with focus on APIs, DevOps, and application security.

**OCI Developer Professional** – skilled in implementing vector-based retrieval and semantic search solutions using Oracle Cloud Infrastructure AI and database services.
